

Juggernaut - A Story of Sydney in the Wild Days of the Steam Trams

Filesize: 2.66 MB

Reviews

Completely essential read publication. It is really basic but excitement in the fifty percent of the book. You will not really feel monotony at anytime of your respective time (that's what catalogues are for about in the event you ask me).

JUGGERNAUT - A STORY OF SYDNEY IN THE WILD DAYS OF THE STEAM TRAMS

Kangaroo Press, Australia, 1997. Hard Cover. Book Condition: New. Dust Jacket Condition: New. First Edition. 152 pages colour and b/w illustrations - Sydney once operated, reputedly, the world's largest steam tram network. Beginning with a temporary line to the International Exhibition of 1879, the system rapidly spread into the far corners of the city. Today's long-established suburbs such as Coogee, Bondi Beach, Dulwich Hill, Leichhardt and Rozelle took shape along the tracks of those quaint little hissing, whistling Yankee "steam motors" hauling ungainly double-deck cars. At the turn of the century steam trams were making 1200 daily journeys through the City and carrying some 70 million passengers each year. More than just a convenient means of transport, the 'Juggernauts' and 'Manglers' became an indispensable part of the city's social fabric: a bloody accident rate, the nefarious deeds of larrikin conductors, wolf-whistling drivers and the Bondi tram that 'shot through' were all daily incidents, the growing up of a great city.
